

LEARNING DESIGN AND LEADERSHIP

Learning Design and Leadership (LDL) provides educators and training/learning development professionals the opportunity to learn how to create more engaging learning environments by integrating new media technologies.

A DEGREE IN LEARNING DESIGN AND LEADERSHIP WILL PREPARE YOU TO:

- Understand the ways in which students can be active designers of their own knowledge.
- Develop skills in new digital media to enhance the ways students learn and improve the learning process.
- Succeed as educators in PK-16 and training/learning development industries and organizations around the world.

EMPLOYMENT OPPORTUNITIES

Learning Design and Leadership offers a number of areas of study designed to meet the needs of educators in public and private classrooms and workplaces, including: teachers, instructional designers, educational technology analysts, eLearning consultants, and online learning designers and developers
