

# January

2019

Unless noted otherwise, ECE Students are in placement for a four-hour block, starting no later than 8, ending no later than noon. Start time should coordinate with school schedule, allowing enough time for morning preparation prior to the children arriving. All absences must be made up in 4-hour blocks with your placement students. If you are in a half day program, you may not make up your time with a different group of students that come in the afternoon.
